

Greetings

The American Legion Family of Townsend's Post 42 is initiating the 1st Annual Patriots Day Celebration, honoring and benefiting first responders.

Proceeds will go to the first responders of Broadwater County. This year, our focus will be on a much-needed Ambulance. There is an estimated deficit of \$30,000 needed to purchase an ambulance, replacing one that is over 20 years old. We would like to help reach their goal and bring better technology to the care of the injured and ill. Any monies above the goal will be put into an account for families of first responders, in a case of tragedy.

We need your help! We are planning this 1st Annual Patriots Day Celebration for Sunday, September 10, from 1 p.m. to 5 p.m. at the Townsend school's multi-purpose room. We need items for silent and/or live auction, raffle prizes, and door prizes. We would be very grateful to receive monetary donations, as well; donations that go directly to the cause. There will be plenty of fun for kids, too. We will have a fishing booth and yard games. We also have procured a Dunk Tank (and plenty of volunteers willing to get wet).

We will have lots of food (we are working on the menu), beverages, music, and plenty of other surprises. Can we count on your donation to help make this a treasured annual event?

Thank you for your consideration

The American Legion Family
