

**Broadwater County
Solid Waste**

OPEN HOUSE

**Solid Waste
Management Issues
and Solutions**

LET'S TALK ABOUT SOLUTIONS AT THE SOLID WASTE OPEN HOUSE

Come meet with the Public Works Supervisor, Solid Waste Advisory Board members, and County Commissioners about our canister sites. We want your input on solving the problems. Get your answers to these important questions:

- What does our solid waste fee pay for?
- How did we get to where we are today?
- What are the costs?
- What are the issues and why do we need to change?
- What wastes can you dump in the canisters and what needs to be hauled to the Transfer Station?
- Can you manage some of your own waste on your own property?
