Hello Everyone.

Welcome back to the Broadwater Community Connections Newsletter. I started this project with BCDC to coordinate all the non-profits in Broadwater County to assist in their fund raising and project coordination endeavors. I'm hoping this newsletter will be a catalyst for any non-profit, board, or community minded citizen to ask for or offer assistance, expertise or funds to benefit other organizations and share their ideas or needs. We all have the same drive and hope that we can make a difference for Broadwater County and, over the years, the little things we have done have made a huge impact for thousands of citizens. But there is so much more we can do. I have added some motivational quotes that I think fit the focus of this newsletter. Please share your comments about how this newsletter can grow to meet these efforts. BCDC's email is bcdc@mt.net. My personal email is hahnsupply@mt.net.

I would really like to get this newsletter out to more people. Please share this with as many people as you can. If anyone isn't receiving this but would like to be included, please send a request to either of my emails.

The next quarterly publication will be in January with special editions and notifications posted if necessary. I'm open to new ideas or if you would like to help with its production and publication, feel free to contact me.

John Hahn—BCDC chairman and treasurer

P.S. If I made any errors, in any of the articles, names and emails or formatting, I apologize. Community organizations have submitted and edited their own individual submissions. I reserve the right to edit grammatical errors but will strive to preserve pertinent content.

Please review the contact list at the end for any updates. Thank you

Send updates to bcdc@mt.net

I have hidden a needle somewhere in one of the pages. See if you can find it!

BROADWATER COMMUNITY CONNECTIONS NEWSLETTER

“Missouri River Paddlers Trail 43” Dedicated

Saturday July 18th at 10 am, the lower Toston Dam Recreation Area boat launch was home to an excited gathering of over 40 river paddlers and Broadwater County Trail (BCT) team members for the dedication of the first completed trail under the Trails Vision Plan.

The recreational trail of the segment of Missouri River from Toston Dam to the Indian Road recreation site at the bridge near Townsend has been designated as the “Missouri River Paddlers Trail 43”. It continues the connections to the Jefferson River Canoe Trail, from Twin Bridges to Headwaters State Park, and

the Missouri River Headwaters Paddlers Trail from Headwaters State Park to the Toston Dam. The “43” represents that the trail lies entirely within Broadwater County.

The Broadwater County Trail team has collaborated with managing agencies and sponsoring organizations to get this designation supported and approved. The July 18th dedication event was a great step forward in the implementation of the first trail under the Trails Vision Plan accepted in December 2025. The team began their implementation efforts in January and brought it to an exciting culmination at a well attended ceremony.

The dedication was attended by representatives of Governor Gianforte's and Senator Daine's offices, and congratulatory letters from Senator Sheehy and the Broadwater County commissioners. Representatives from Montana Fish, Wildlife and Parks and the Bureau of Land Management, who manage most of the river trail access sites, expressed their excitement and enthusiasm for the work going into establishing this aquatic river trail and have helped develop the partnership items for future maintenance of the sites and the river.

BCT revealed the new river signs that they have developed and that will be posted on new portal signs at all four access sites along this river segment. Those sites are Lower Toston Bridge, the starting point, Toston Bridge, the highway access site, Yorks Islands fishing access site and ending at the Indian Road campground and Day Use site at the Townsend bridge. The three upper sites now

have these signs in place. Thank you to Teaguean and Naomi Knudsen who designed the sign and to Roy Barkley who headed up the framing and placing of the signs. The Broadwater County Trust Board and BCDC have helped sponsor the signage and designation of this trail project. The VFW helped supply ceremonial supplies.

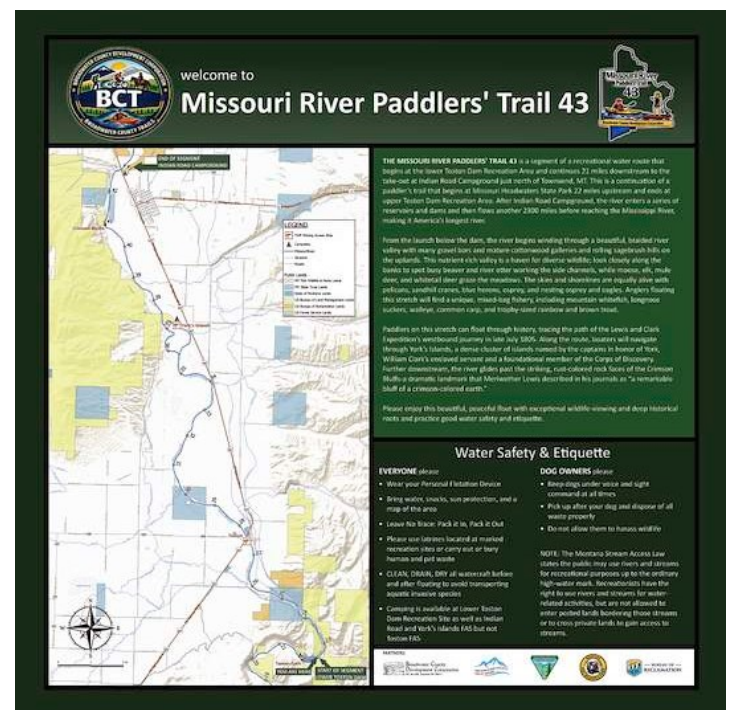

The BCT will be conducting monitoring of the sites to ensure the improvement of signage and annual river trash cleanup will be conducted annually. The BCT hopes that the future river trash cleanup can occur on the actual days the Lewis and Clark Expedition actually traversed this section of river in 1805.

BCT encourages river trail users to continue to keep the river clean of trash and respect the river setting and follow proper river etiquette.

There were attendees of the ceremony and inaugural float from across Montana and expressed gratitude of bringing the recreational aspects of the river to the public's attention.

If you have an interest in becoming a BCT team member, donating to the trails work in Broadwater County or have questions, visit our FB page - facebook.com/bcdc-broadwater-county-development-corp, or website - townsendmt.com, or contact: John Hahn, 405-202-1050, Carol Hatfield, 406-431-9656, or Al Christophersen, 406-439-0197.

Broadwater County Development Corp. (BCDC) Trails Committee - Events and Progress

Fall Colors Hike - Sept. 12, 2026

Seventeen people and one enthusiastic 3-legged leashed dog traversed approximately 4 miles on a beautiful Saturday morning (9-12-26) around Pond 3 of Canyon Ferry Lake. The Fall Colors Hike was coordinated by the Trails Committee of BCDC. The walk was an easy pace. Jessica Bushnell, the Broadwater County Weeds

Coordinator provided pamphlets on the plants there that she made specifically for this hike. The pamphlets included the names and photos of plants, weeds native and nonnative species. She pointed them out along the walk. She also gave out boot brushes and weed identification booklets. Al Christophersen shared knowledge of various tree species while we walked. Jake from the Last Chance Audubon Society pointed out raptors, sparrows, and many shore birds. They shared binoculars and set up a spotting scope for a better view of the water birds. We socialized, learned a lot about our local wildlife and habitats, and increased our vocabulary. Snacks and drinks were provided by members of the Trails Committee. For more information about upcoming Trails events follow BCDC (Broadwater County Development

Corp) on Facebook or contact members of the Trails Committee. Thanks everyone who came out today and to our guest speakers for sharing their knowledge with us today.

Townsend North Asphalt Trail Work Completed October 9, 2026

TOWNSEND, MT — The Townsend North Asphalt Trail maintenance has been completed following the award of a construction contract to Wharton Asphalt, Inc. of Billings. The project, managed through the Broadwater Trails (BCT) program under the Broadwater County Development Corporation (BCDC), represents a major investment in one of the community's most frequently used recreational corridors.

Interstate Engineering assisted BCT/BCDC in preparing the successful Trail Stewardship Project grant administered by Montana Fish, Wildlife & Parks. The grant fully funded the construction contract. Additional financial support from Townsend Rotary, the Broadwater County Trust Board, and BCDC will cover administrative needs, bid preparation, and field over-

sight. Program leaders note that further funding will be required to support on-site administration throughout the project's duration.

Scope of Work

The maintenance project included:

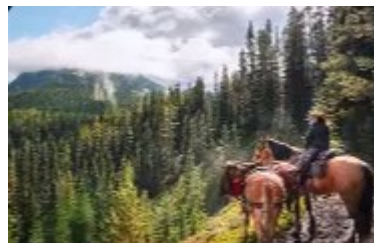

- Grading of trail shoulders to improve water runoff
- Crack sealing of small asphalt fractures
- Full-depth removal and asphalt replacement of larger, grass-filled cracks
- Repair of soft or deteriorated asphalt areas

Application of a fog seal over the entire trail, extending from the end of the concrete sidewalk at the Townsend city limits to the Centerville Road crossing

Business approaches that intersect the trail were not resurfaced, as they are currently in satisfactory condition.

The Townsend North Asphalt Trail serves walkers, runners, cyclists, and families throughout Broadwater County. This project aims to extend the trail's lifespan and ensure safe, accessible recreation for years to come.

Broadwater County Museum and Broadwater Historical Society

Another Successful Year For The Museum

As of September 15, 2026 the doors have been closed for the season at the Broadwater County Museum after another successful year.

2026 was the museum's 50th anniversary and it was celebrated very well with new exhibits and many visitors. We had 300 visitors and received several significant donations.

Linda Huth, the museum curator, gave historical talks at the museum, Radersburg School, and the Canton Church, and showed a historical film at the Lodge for the Farm Bureau annual meeting.

We are working on several projects for the future including digitizing all of the rest of the local newspapers so they will be available online to the public. Presently, the newspapers are already online through 1973. Anyone can access them through the following site: mths.mt.gov/Research/collections/newspapers/mtnews

Once you are in click on "Public Access Site".

On the museum's website there are three interesting films entitled: "Bittersweet", "Growing up in the Canton Valley" and "Dun Movin'". Access to this site can be made by going to the "Preserve Broadwater County History" site and clicking on "Broadwater County Museum" then click on the "Videos" tab.

We will open again on May 15, 2027. Hope to see you then.

Written by Linda Huth

Preserve Broadwater History

It has been a quiet year for Preserve Broadwater History. Last April we hosted the Annual Radersburg history field trip for the Townsend Schools 7th grade class. The annual outing is sponsored by Preserve Broadwater History, the Radersburg Historical Society and the Broadwater County Historical Society/Broadwater County Museum.

Linda Huth, curator of the Broadwater County Museum, presented a fun and interesting history of Radersburg.

In addition to sponsoring the Radersburg outing, Preserve Montana has been busy maintaining our website dedicated to the history of Broadwater County. The website is a combination site for Preserve Broadwater History, The Broadwater County Museum and Radersburg Historical Preservation.

We have been collecting and publishing Linda Huth's popular "Day In History" articles that appear weekly in MT43News. Linda's articles always contain news items that appeared in local newspapers on that day throughout Broadwater County history.

In addition to Linda's articles, Preserve Broadwater History is now collecting and publishing Shelley Douthett's "Whispers of the Past" articles also published in the MT43News paper. Shelly's articles are about her efforts to maintain the Centerville Cemetery and about the people that were buried there. They are always interesting and fun!

Canton Church

The Canton Church is winding up the 2026 season with a couple of annual events.

On September 30, the Canton Church will host the Townsend School 7th grade students for the 8th annual (except for the 2020 Covid Year) history outing. The seventh grade class is the class that is studying Montana History. Since the Montana History books generally do not pay much attention to counties like Broadwater, the Canton Church outing is to present some of Broadwater County's rich history along with a history of the Canton Church.

The students will be given a time to enjoy the Canton Church park and will be treated to a lunch of hamburgers, hotdogs, chips, cookies and water prepared by the Canton Church Restoration Board of Directors.

After lunch the students will visit St. Joseph's Catholic Cemetery located a short distance from the Church.

On the same day, we will be hosting the Canton Church Restoration, Inc. Annual meeting at the Bridge. We will elect officers, discuss the dates for the 2027 events and any new business to come before the board. Afterwards we will enjoy a pot luck dinner.

Radersburg Historical Preservation, Inc.

It is the end of the season for the Radersburg Historical Preservation, Inc. and the Historic Schoolhouse will be winterized and closed for the winter!

Our focus this year has been the Methodist Church on main street. Last winter was hard on the historic church. Many of the roof shingles on the north side of the roof were blown off. Working with Billy Amsk, RHPI got the north side of the roof reshingled and ready for another winter.

RHPI asked Pat Plantenberg to come out and look at the trees at the Radersburg Schoolhouse. Pat said that most of the old trees are in good shape but could use trimming. He also did a tour of the newer trees that have been planted and noted they also needed trimming. Pat will come out later and help trim the newer trees. He also said that he does not have a lift capable of working

on the older trees but would be willing to come out and advise someone on the trimming of the trees.

RHPI member Karen Walton is busy organizing the 3rd Annual Radersburg Ramble. The Ramble will be held in Radersburg with registration at the Radersburg Schoolhouse. The race will again feature both a 5K and a 10K race with prizes and a meal afterwards.

For more information and to pre-register for the race, visit the Radersburg Ramble website at <https://radersburgramble.org>

And don't forget to purchase a Radersburg Ramble shirt while registering!

STOKE

Science • Technology • Outdoors
Knowledge • Entrepreneurship

Our kids in the cooking class have been cooking up a storm and enjoying every minute. The cooking class has been one of our most consistently asked for classes.

The FIRST teams are full and going gangbusters with two FIRST Lego Leagues and a full FIRST Tech Challenge team. We don't know yet if we will have a repeat trip to the World's competition or not

but we're sure they will give it their best shot. The childcare in the basement of the Lodge has been gracious enough to share space with the robotics team, allowing them to move a wall for extra space. It's not ideal but definitely a help as the teams can keep their game tables up all the time and not have to put them away every

night after training.

Teddy and Teresa Lewis have been busy with the increased traffic from new members to the Pottery Guild. Both adults and kids have been busy learning and producing their own ceramic creations. Come check out the Date Night at the Guild. This is becoming a very popular event! We can do other events like birthday parties too. Just ask Teddy for information on that. 406-439-9345

Skiing and Snowboarding are coming soon. This has been another very popular event with kids usually on the waiting list. Our new van, as of last year, has worked out very well and has given us a new dimension to our mobility issues. The kids love it and don't even mind the "no cell phone use" rule. We are also hoping to do some cross-country skiing if the snow will allow us. We have accumulated five sets of cross-country skis so far.

Photojournalism has been a bit of a hit and miss lately with both of our senior participants being very busy with sports, work, and other projects. We have managed to do some outdoor shots and were also at Fall Fest. We have also purchased a very good DSLR camera with lenses and also purchased a good used camera to add to our

ever-expanding arsenal of equipment.

We are just starting a new Aviation adventure. We are still working out the details, but we are looking at sponsoring four kids to study, take flight lessons, and eventually make their first solo flight. This will be through a certified flight instructor here at the Townsend airport.

Such a great opportunity for these kids interested in an aviation career. This is not an inexpensive program so we would appreciate any monetary help you might be able to give us. Remember, all our programs are free to the kids.

We have just started a new adventure of rock climbing for the kids. This is all inside at the Stonetree in Helena. They have afforded us some exclusive time so the kids can receive some certified instruction. Then, off to the climbing walls. Lots of red hands after a couple hours of steady climbing but many tired and happy kids.

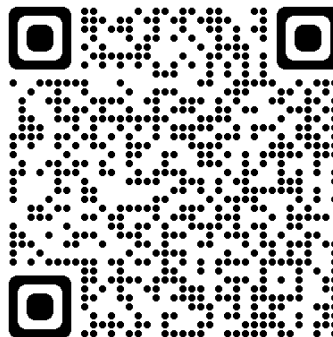

We were recently offered some tutoring services by a very qualified local resident. We have been searching for a tutor/mentor to give some educational

assistance to kids who need a little more help. We are hoping this will work out very well and the kids will take advantage of this opportunity.

Our program director, Candice O'Hara, has been hard at work setting up programs, assisting instructors, driving the van when needed, providing program advertising, and running the show a lot of the times. She has been such a joy to work with. The board, kids, instructors, and volunteers all love her. Only to be young again and full of energy! It really spreads to the kids.

JOIN BROADWATER COUNTY 4-H TODAY!

Enrollment Starts: October 1st
2026

Contact us at 406-266-9242. Or visit
our office at (416 Broadway Street
Townsend, MT 59644)

About 4-H

4-H is the largest youth development organization in the country, with over 6 million youth involved. 4-H provides our youth with the hands-on experiences needed to contribute to the growth and leadership they need to excel. Research shows 4-H youth excel beyond their peers. The structured out-of-school-time program provides learning and leadership experiences. Paired with adult mentors, this experience plays a vital role in helping youth achieve success throughout their lives. Head, Heart, Hands, and Health are the four H's in 4-H and are the four values members work on through fun and engaging programs. To enroll your child contact your local extension office today.

(4-H does have age requirements for enrollment. To enroll as a Cloverbud, a child must be between the ages of 5 and 8. To enroll as a traditional 4-H member, a child must be at least 8 years old by October 1st of the current 4-H year. These age requirements must be met at the time of enrollment.) Please note certain projects do have additional age requirements. Contact the office for more information!

What You'll Gain

4-H gives youth the skills they need to succeed in life. Through hands-on, interactive experiences, our youth are able to build community and friendships while learning through a process of trial and error. Studies show that youth involved in 4-H are

4x More likely to give back their communities

2x More likely to make healthier choices

2x more likely to be involved in STEM related activities.

The program focuses on investing in our youth and allowing them to learn in a way that works for them.

For more information on the program and how you can enroll your child today. Contact us at one of the methods below.
